Your global shipping needs...*delivered.*

Customs Trade Partnership Against Terrorism (CTPAT) is one layer in U.S. Customs and Border Protection's (CBP) multi-layered cargo enforcement strategy. CTPAT allows CBP to work with the trade community to strengthen international supply chains and improve United States border security. CTPAT is a voluntary public-private sector partnership program which recognizes that CBP can provide the highest level of cargo security only through close cooperation with the principle stakeholders of the international supply chain such as importers, carriers, consolidators, licensed customs brokers, and manufacturers.

As a licensed Customs Broker, Western Overseas Corporation is proud to be a member of the CTPAT program. Our CTPAT certification charges us with the responsibility to work with CBP to protect the supply chain, identify security gaps, and implement specific security measures and best practices. CTPAT offers business an opportunity to play an important role in combatting terrorism and helping to ensure a more secure supply chain for all through our efforts to implement, follow and maintain policies, procedures, and practices that are consistent with the CTPAT Importer Security Criteria.

It is the policy of Western Overseas Corporation to support, encourage, and comply with the regulations for the CTPAT program for all employees, clients, vendors, agents and all our trading partners.

Sincerely,
